Description/Remarks

This is a 1-story, 3-bay domestic building in the Folk/Traditional style with Late Victorian influences built in 1905. The structural system is frame. The foundation is piers. Exterior walls are original wood siding. The building has a cross gable roof clad in replacement asphalt shingles , exposed rafters. There is a single-story, wrap-around open porch characterized by a shed roof clad in asphalt shingles with round wood posts. Multiple additions have been made to this Gabled Ell over time, possibly in the 1920's and 30's that have both craftsman and colonial revival elements. The house is currently undergoing rehabilitation.
