2009

Late 2012 Addition in rear

Description/Remarks

This is a 2-story, multiple-bay domestic building in the International style built in 1940. The structural system is undetermined. The foundation is undetermined. Exterior walls are original stucco. The building has a flat roof. Windows are replacement vinyl casements. There is a platform/stoop characterized by a flat roof with cantilevered posts. Rare example of the International Movement in Abilene. It has been modified since the survey: Painted beige with brown accents and a rear addition has been added. The operable windows have been replaced, but the glass block window groupings are original.
